

## Fuel conversion rebate application

If you currently heat your home or water with electricity from Puget Sound Energy, you may be eligible for up to a **\$3,950 rebate** to switch your home and water heating source to reliable and affordable ENERGY STAR® natural gas equipment. To make sure you qualify, for contractor referrals or for help completing this form, call a PSE Energy Advisor at **1-800-562-1482**, Monday through Friday, 8 a.m. to 5 p.m.

### Directions:

1. Call PSE at **1-800-562-1482** to find out what rebate amount you qualify for.
2. Install new ENERGY STAR space and/or water heating equipment.
3. Carefully fill out this application and submit to PSE, securely attaching legible copies of receipts or invoices that clearly show the equipment brand name, full model number(s), purchase price and where purchased. *Keep copies for your records.*

**Mail to:** Puget Sound Energy, Fuel Conversion Rebate Program, P.O. BOX 97034, EST-10W, Bellevue, WA 98009-9734  
Fax to: 425-456-2195

## PSE fuel conversion rebate levels\*

| Type of heating | Conversion rebate |
|-----------------|-------------------|
| Home and water  | \$1,950 - \$3,950 |
| Home only       | \$500 - \$2,500   |
| Water only      | \$950             |

\* Rebate amount is dependent on current type of home and/or water heating, 12 - month prior electricity usage and installation of ENERGY STAR heating equipment. Rebate amount is limited to 75 percent of total equipment and installation cost.

## Additional PSE equipment rebate level\*\*

| Type of equipment                              | Equipment rebate |
|--|------------------|
| Furnace 95% AFUE                               | \$250            |
| ENERGY STAR Boiler 95% AFUE                    | \$350            |
| ENERGY STAR integrated space and water heating | \$800            |

\*\*Separate applications required for PSE equipment rebates. Visit **PSE.com/Rebates** to download. Other natural gas providers may offer different equipment rebates.

## Qualifications

- Applies to existing single-family properties (including manufactured) or individually-metered attached housing with four units or less
- Applicant must be a PSE electric customer currently using electricity as a primary source of home and/or water heating
- Rebate is subject to 12 - month prior electric usage requirements, as determined by PSE
- Applicant must install ENERGY STAR® qualified natural gas home and/or water heating equipment (fireplaces are not eligible)
- Applicant is ineligible for home heating rebate if a hybrid system and/or heat pump is installed in conjunction with natural gas equipment or if existing heat pump remains on the premises
- Must install to comply with all federal, state and local code requirements
- Rebate form must be submitted within 30 days of fuel and equipment conversion
- Other requirements may apply

PSE will review your rebate application and determine if your fuel conversion project qualifies for the rebate. Applications with missing or incomplete information will not be processed. Please allow six to eight weeks for processing.

By signing below, I acknowledge that; my existing primary heating system, either home and/or water, was electric and was replaced with a qualifying natural gas system at the location indicated. I authorize my new natural gas provider, if other than PSE, to confirm my customer status and release a copy of my service agreement to PSE for the purposes of confirming my eligibility to receive this rebate. PSE has made no implied or expressed warranties or representations with regard to these products or energy savings from their installation; this is a tariffed service and is subject to change or termination without prior notice.

**I have read, understood and agreed to the terms and conditions of this service and certify that the equipment described above has been purchased and installed at the location indicated. I authorize PSE to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and other quality assurance purposes.**
