

Energy-efficient water heating equipment rebate application

Puget Sound Energy offers a variety of rebates for high-efficiency water heating systems for our electricity customers to help them save money and the environment.

Available rebates and qualifications are listed on the back of this form

For more information, contractor referrals or for help completing this form, visit **PSE.com/Rebates** or call a PSE Energy Advisor at **1-800-562-1482**, Monday through Friday, 8 a.m. to 5 p.m.

Directions:

Carefully fill out this application and submit to PSE, securely attaching legible copies of receipts or invoices that clearly show the equipment brand name, full model number(s), purchase price and where purchased. *Keep copies for your records.*

Mail to: Puget Sound Energy, Energy Efficiency Rebate Program, P.O. Box 97034, EST-10W, Bellevue, WA 98009-9734

INSTALLING CONTRACTOR

PSE will review your rebate application and determine if your new equipment qualifies for a rebate. Applications with missing or incomplete information will not be processed. Please allow six to eight weeks for processing.

By signing below you acknowledge that: your qualifying electric equipment is installed at a residence in PSE's electric service area; PSE may inspect these products upon request; PSE has made no implied or express warranties or representations with regard to these products or energy savings from their installation; this is a tariffed service and is subject to change or termination without prior notice.

I have read, understood and agreed to the terms and conditions of this service and certify that the equipment described above has been purchased and installed at the location indicated. I authorize PSE to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and other quality assurance purposes.

Electric water heating systems

Heat pump water heater

- **\$500 rebate**
- Must install ENERGY STAR® qualified equipment
- Must be installed outside the conditioned living space such as a garage, attic or crawl space

Electric storage water heater

- **\$50 rebate**
- Must install equipment with an Energy Factor (EF) of .94 or higher
- Must be a minimum of 50-gallon rated capacity
- Indirect water heaters do not qualify

Waste-water heat recovery system

- **\$250 rebate**
- Equipment must have an efficiency of 42 percent or greater. Visit **PSE.com/Rebates** for a list of qualifying models
- Equipment must be installed vertically. Horizontal application is not eligible
- Must currently heat water with an electric water heater. Electric tankless water heaters are not eligible
- Homemade systems are not eligible

Converting to natural gas

When available, PSE recommends using natural gas directly for space and water heating. You may be eligible for conversion rebates. Visit **PSE.com/Rebates** for more information.

General qualifications

- Rebate application must be submitted within 30 days of equipment installation
- Qualifying electric equipment must be installed in PSE's electric service area
- Applies to existing single-family properties (including manufactured) or individually-metered attached housing with four units or less
- One rebate per qualifying metered, residential customer
- Must install to comply with all federal, state and local code requirements
- PSE may inspect installation for compliance with qualifications

Keep saving:

Save even more energy with these PSE energy-efficiency incentive programs and services

- High-efficiency space heating equipment rebates
